

COVID-19 UPDATE: Edition #5

April 09, 2020

The clinic is open, accessible and committed to ensuring your bleeding disorder care is a priority. As usual, after hours and weekends there is a hematologist on call at St Paul's Hospital. If you are thinking you need to present to the hospital in person, please call us first so we can provide guidance.

While we continue to physically distance, your care is important too. If you have a concern and think you need to be seen call us and we will work with you to ensure this is done safely

Do you need help navigating the COVID-19 financial benefits?

Here is a plain language resource to help you navigate [here](#)

BC Government site: gov.bc.ca site

Government of Canada site: canada.ca

Latest COVID 19 information: [BCCDC](#) ** [Health Canada](#) ** [WHO](#)

To access information presented in our past COVID 19 weekly emails go to our website at:
www.hemophilia.providencehealthcare.org

We are wishing you and your family good health. Happy Easter!

The Adult Bleeding Disorders Team
